

Volunteer Handbook

Therapeutic Care Team

Welcome to the Therapeutic Support Volunteer Programme

Dear Volunteer,

Thank you so much for choosing to become part of our Therapeutic care volunteer community at South Tees NHS Foundation Trust.

We are delighted to welcome you as a volunteer and absolutely appreciate every minute you give to help us improve our patient, staff and families experience.

We want to use your ideas to influence our decisions in what services we can offer to our patients and ensure that patients have an opportunity to have a therapeutic connection with us.

Volunteers are right at the heart of our organisation and bring so much kindness and positivity.

We want to grow our volunteer community to ensure more people get involved and also to ensure our volunteers reflect the diversity of the local community.

There are many different roles for you to get involved with and these are described in more detail within this Handbook.

Your contribution will be extremely valuable and we sincerely welcome you to Therapeutic Care.

Debi McKeown

Lead Nurse, Therapeutic Support

Who are Therapeutic Support @ South Tees?

The Therapeutic Support Programme @ South Tees Hospitals NHS Foundation Trust is a growing community of Staff, Volunteers and Work Experience Students providing valuable therapeutic support to patients, visitors and staff throughout the Trust.

Throughout all activities provided by the therapeutic support team, the patient remains at the centre of everything we do. All engagement is underpinned by the Chief Nursing Officers 6 C's.

The 6Cs were originally identified in Compassion in Practice.

1. Care
2. Compassion
3. Competence
4. Communication
5. Courage
6. Commitment

Compassion in Practice, Evidencing the impact, Version number: 1, First published: May 2016, Prepared by: Professor Laura Serrant

The involvement of the Therapeutic Care Support Programmes within the Trust contributes to enhancing patient and visitor experiences within the hospital setting. This team of staff and volunteers promotes positive engagement with patients and staff and contributes to an overall, positive hospital experience for everyone visiting South Tees Hospitals NHS Foundation Trust.

Therapeutic Support - Vision and Team Values

Vision

“To keep the patients safely at the centre of everything we do by championing the 6C’s in every patient contact.”

This programme aims to:

- Enhance quality of care: providing the highest standard of care to enable more informed choice by patients
- Enhance the patient experience - listening and acting upon their views
- Enhance partnership working with all staff
- Engage with internal and external partners to enhance service delivery and volunteers experience
- Develop sustainable services
- Establish a reputation for excellence in Volunteering and Work Experience
- Achieve a more diverse pool of volunteers who best reflect our population

Team Values

The values governing Therapeutic Support include the following:

- To provide the highest standards in all relationships with patients, staff, relatives and the local community.
- To foster a climate which encourages innovation and diligence amongst staff, therefore continuously improving quality
- To ensure staff and volunteers are valued for the roles they do and outcomes that they achieve

Why Volunteer?

Volunteers are crucial within health care settings and their contribution cannot be underestimated. The Trust have a role in encouraging excellent and committed individuals in seeking careers in the many health related professions we employ. Alongside this there are opportunities for other individuals to access the programme to improve or maintain their knowledge and skills, build confidence, make new friends, keep active and achieve a sense of satisfaction.

The evidence relating to the benefits of volunteering to the individual, wider community and the individual is well documented, They include a number of health benefits, including improved quality of life, improved self - esteem and a sense of purpose. From an organisational perspective volunteering enhances patient experience and outcomes, extends and adds value to services, facilitates new approaches to health and care and helps to bring unique perspective and credibility. The Trust is committed to ensuring volunteers have a personally rewarding experience and that their contributions are recognised.

Why do people choose to volunteer?

- To give something back to the Trust after previous hospital experience as a patient/carer or relative which impacted on a person's life, either directly or indirectly
- To make a difference to the lives of others
- To provide support and help for others
- To feel valued and to be part of a team
- To spend quality time away from your everyday life
- To help gain confidence and improve self-esteem
- To gain new skills, knowledge and experience
- To help develop existing skills and knowledge
- To meet new people, socialise and make new friends within a volunteer community
- To support opportunity for development for those hoping to gain valuable experience in order to pursue a career in health.

All Volunteers are recruited, inducted and supported by our Therapeutic Support Administration team during their volunteer experience. This service allows volunteers to feel valued and supported within their roles and ensures that safe practice is being maintained throughout the voluntary services.

Please see the volunteer Code of Conduct

Things you need to know...

Travel & Expenses

The Trust will provide you with free onsite parking throughout your time as a volunteer

We are unable to offer reimbursement for travel expenses

Gifts

Volunteers are unable to give or receive any personal gifts

Health and Safety

The Trust is committed to looking after the Health and Safety of everyone within the organisation.

All volunteer activities are covered by the same legislative requirements as those employed by South Tees Hospitals NHS Foundation Trust

It is important that you;

Carry out your role safely adhering to Trust policies and procedures

Inform the Therapeutic Support team of any risks to your own or others health and safety

Accidents and Incidents

All accidents and incidents must be reported immediately to a member of staff and escalated via the Trusts incident reporting system

Personal Safety

You will have provided details of an emergency contact on your volunteer application. We will contact them in the unlikely event of an emergency. Please ensure this information is updated regularly.

ID Badge

You will be issued with a volunteer identity badge which must be worn at all times when carrying out your volunteering role.

Confidentiality

Volunteers must maintain confidentiality throughout their time with the Trust. You will be asked to sign a confidentiality agreement during the recruitment process.

Disclosure and Barring Service Check

All volunteers supporting children, young people and vulnerable adults will be expected to complete a DBS check as part of the recruitment process.

Volunteer Code of Conduct

- Volunteers will act as an ambassador for the Therapeutic Support @ South Tees programme
- Volunteers should ensure that they sign in and sign out at the beginning and end of each shift.
- Whilst volunteering, individuals should remember that they are representatives of the NHS Trust and should demonstrate this by their dress, general appearance, adherence to the Trust's Uniform Policy (where applicable) and adherence to the No Smoking Policy. Individuals must, at all times, display their name badges and ID badge for security purposes.
- Volunteers are required to treat each other with dignity and respect. The Trust operates a Dignity at Work policy which gives further guidance.
- Volunteers must take reasonable care in the performance of their duties and must be capable of doing so at all times. Individuals who are uncertain about their fitness to work should speak with the Therapeutic Support Lead nurse.
- Volunteers must be aware that conduct outside of their voluntary role can be regarded as misconduct.
- Volunteers must ensure they behave in an open, honest and inclusive manner, upholding organisational ethics and values. Individuals must also show respect for the needs of others and promote equality and diversity.
- Volunteers are expected to report and act on any concerns relating to safety and patient care without delay.
- Mobile phones present a very small risk of interference to medical equipment. In addition to this there are potential implications for patient dignity and information governance. Personal mobile phones should **not** be used in clinical areas.
- Volunteers must adhere to all Trust policies and guidance
