ABOUT OUR HOSPITALS CHARITY

We are the fundraising arm of South Tees Hospitals NHS Foundation Trust, improving care for more than one million people across the region.

The role of the charity is to enhance services, fund initiatives and improve patient care over and above what the NHS provides.

With the support of local communities and businesses, we help enhance NHS services, improve patient care and keep our hospitals at the forefront of healthcare in our region.

Whether it's state of the art equipment, pioneering research or increasing staff training, we're committed to raising the levels of NHS services delivered to more than one million people in Middlesbrough, Redcar & Cleveland, Hambleton & Richmondshire and beyond.
