

# Coming to hospital? We need your medication.

When you come into hospital, please bring **ALL** your medication with you, in their original containers.

This usually includes:

- + Tablets, capsules and liquids
- + Inhalers and sprays
- + Creams, ointments and gels
- + Eye, ear and nose preparations
- + Over the counter (OTC) medicines
- + Patches
- + Syringes and injectables
- + Any specialist medications

Please hand your medications to the ward staff to ensure that they are recorded and kept in a safe, easily accessible place for administration.

Our ward pharmacy team are happy to help.

Look out for us  
in green uniform!
